

## Minutes of Settlement Advisory Committee Meeting

March 26, 2021

Upon notice to residents of the Settlement, the Settlement Advisory Committee (SAC) conducted an organizational meeting for 2021 by Zoom on March 26, 2021 at 5 pm. Attending were all members of the SAC appointed by the Board of Directors (BOD) of River Valley Ranch: William Brown, Chuck Torinus, Larry Bogatz, Bob Schoofs, Tim Racke, and the Board liaison Ben Johnston.

After discussion of persons interested in serving as Chair of the Committee, Chuck Torinus volunteered and was elected unanimously.

Discussion included questions whether the SAC had any involvement in control of speeding on streets in the Settlement, and Ben Johnston suggested that the BOD had engaged in discussions with the Town of Carbondale about speed control and had been advised that the Town was not willing to install speed bumps. Bob Schoofs suggested that he may initiate a request to the Town for reconsideration of speed bumps or other enforcement of speed limits.

The SAC will meet again periodically throughout the year, including a mandatory meeting in the Fall of Settlement residents to review Settlement services and budget for the following year.

The members of the SAC agreed to exchange contact information among committee members, including address, phone, and email information.

The meeting was adjourned at 5:45 pm.
