Carbondale, CO. August 28, 2026: TRTC and El Dorado are partnering again to bring a third year of the PINK TO BLACK concert series to Carbondale and the Roaring Fork Valley. The line-up this year includes *Western Medicine*, *Deadtronica* and *Rattlesnake Milk*. The opener for all bands will be at 8:00 PM and the headliners will take the stage at 9:00 PM. This is a 21+ event.

**PINK TO BLACK
A DISTINCTIVE MUSIC EXPERIENCE**

El Dorado Spirits & Legends and Thunder River Theatre Company are excited to collaborate once again, bringing PINK TO BLACK to Carbondale for a third year. This is a distinctive music experience where we combine the power of music and the magic of theatre to transform the TRTC black box theatre into an epic experience for each and every concert produced.

The Line-up:

Welcome back to our third season of PINK TO BLACK. We are stoked to announce some of our biggest artists thus far. Starting the season with *Western Medicine* and opener *Roma Ransom*, on Saturday October 3rd. Swinging from powerful harmonies and distortion to acoustic guitars, brushes and tender lap steel melodies, LA-based *Western Medicine* paints a vivid yet bittersweet image of their upbringing on Colorado's western slope. Whether they're playing festival stages, honky-tonk bars, or on your truck's stereo, this 6-piece outfit will put on a heartfelt show you'll never forget.

The second show of the series is *Deadtronica* and features Aron Magner of the *Disco Biscuits* and Emmy winning guitarist/producer *Clouchord* and *Heady Hooligan with Live Band* as the opener on December 5th. The duo merges the improvisational spirit of the *Grateful Dead* with the pulsating energy of electronic dance music. The acid test ethos to dance floor bangers, hear the legendary compositions re-imagined through a new lens. Experience the Dead, wired for the future.

The final show of the series features *Rattlesnake Milk*, fresh off a sold-out U.S. tour and their first-ever Red Rocks appearance last summer with Charley Crockett. They are returning to Carbondale on January 9th for the final close out show of PINK TO BLACK. With opener, *Tommy the Animal*, this is going to be one of the rowdiest shows of the PINK TO BLACK series. From the southern plains of Texas, *Rattlesnake Milk* summons the sound of the prairie, mimicking the howl of coyotes and the pulsing rhythm of a lonesome junk train. While farming cotton for a family friend, Lou Lewis found inspiration to record an eight-song demo listening to the classics played on KDAV 1590AM in the empty flatlands of his hometown. Those demos paid homage to Lou's favorite Dust Bowl migrant songs and haunted melodic gems from the 50s and 60s. Now, with the help of Corey Alvarez, and Andrew Chavez, *Rattlesnake Milk* captures the ephemeral soundscape of the Texas panhandle in the studio and on the stage.
